EXPERIENCE

WEB DEVELOPER - FEB. 2017 - PRESENT
CORAL ACTIVE- SYDNEY, NSW

- Develop highly dynamic Single Page Applications (**SPA**s) for large organisations, utilising **HTML5**, **JavaScript** and **API**s, which clients are extremely satisfied with
- Decreased functional testing time by more than 50% utilising **HTML5**'s Drag and Drop **API** in an internal testing tool
- Secured a multinational financial services corporation as a client by using **HTML5** and **CSS3** wrappers in a prototype to facilitate the transition between their old solution and Coral's
- Supervised the development of a reporting dashboard tool for the "*Emergency Alerts*" warning system used during Australia's devastating 2020 bushfires

WEB DEVELOPER/DESIGNER INTERN – APR. 2016 – DEC. 2016
DIGITAL FUEL MARKETING LIMITED - SYDNEY, NSW

- Assisted in the development and launch of the new company website built using **PHP**, **HTML5**, **CSS3**, and **Bootstrap**
- Translated wireframes into responsive landing pages for clients using **HTML5**, **CSS3**, and **Bootstrap**
- Created **HTML5** animated ad banners which yielded high Click-through rates (CTRs) using Google Web Designer

WEBMASTER INTERN – MAR. 2016 – APR. 2016
MEDTERYX - SYDNEY, NSW

- Implemented design changes to company website using **WordPress,** increasing average session duration
- Reduced loading time of company website by 75% using website caching and by optimising digital assets
- Performed cross-browser compatability testing and ensured company website was operable across all modern browsers

EDUCATION
